Apologies from Dr MM Sweeting & R Hubbard

After some delay assembling in Raddiffe Square most people arrived at Eynsham at about 8.0 pm Beer was consumed until dinner was ready. After an excellent meal, the ~~minutes~~ minutes were read somewhat incoherently. The Chairman gave a report, extensively shortened by comments of those who read it before. The Treasurer gave the glad news of the balance and approved the decision to raise subscription and abolish tackle fees. The Secretary then attempted to speak with limited success, provoking much amusement.

The Chairman and Mike Walker proceeded to put forward their plan to rescue ~~to~~ the Club from the decline that they believed was taking place. This was to be a "teach-in" for dons from this and other universities, supported by the Club, to gain money; which, in Mike's opinion would return us to our good running condition.

The Secretary proposed that the change in subscription be ratified and this was done, followed by the "Elections" the meeting closing at 11.45 pm,
